

Andover Discounted Rain Barrel Sale 2008

Through a grant from the **Massachusetts Department of Environmental Protection**, the first **20 SkyJuice Rainbarrels** are available for \$55, almost 40% off the retail price of \$90 to **Andover residents**.

Massachusetts DEP Rain Barrel Grant Discount Price:

\$55*

*After the first 20 rain barrels are sold, Rain Barrels will be available for \$65

Limited time offer! Order your Rain Barrel today!

SkyJuice Rainbarrel features:

- ◆ 60 gallon recycled food grade barrels
- ◆ Fully screened intake port keeps mosquitoes, insects, and debris out
- ◆ The lid can be removed for easy cleaning and for storing hoses inside the barrel during the winter
- ◆ The brass spigot can be connected to a regular hose or a drip irrigation system
- ◆ The over flow tubing is used to direct water away from the foundation, back into the normal drain, or to join multiple barrels for additional capacity.

To order a rain barrel, call:

York, ME 03909

Pick Up your barrel:

May 15 – 16, 2008 ONLY
Andover Water Treatment Plant
397 Lowell Street, Andover, MA
Questions: call Sandy at 978-623-8350, x515

Collect rainwater from your roof. 1/4 inch of rain on a 1,000 square foot roof will fill 2 rain barrels! Use the collected rain water on your gardens and house plants. Your plants will love this naturally soft water!

s a v e

r e c h a r g e

YOU are becoming part of your local watershed by slowly releasing rainwater from the rain barrels into your gardens. Allowing rain water to soak into the soil decreases stormwater runoff and helps recharge your groundwater.

*****Andover will only take delivery of barrels that are pre-paid*****
